First, we thank the promoters for their time and effort to make each pull a success! We know it takes a lot of work on your part.

Second, we thank the advertisers who donated money to make this program a reality. Please patronize these advertisers whenever possible.

Finally, we thank YOU, the fans, for supporting our shows. We hope you enjoy them and pass the word on to your friends.

2002 ECITPA Pulling Rules: Limited Pro Stock

1. Contest is limited to 2 wheel drive pneumatic tired tractors.
 2. Contestants must pay dues and be a member in good standing before pulling. Contestants under 21 must have written consent of parents or guardian and ECITPA Board of Directors. No one under 16 years of age will be allowed to drive.
 3. Tractors may enter only once in each class.
 4. Weight includes drive. Weight must be securely fastened. Weight may be certified at designated pulls. A competing driver may ask to weigh the winning tractor with a tolerance of 2% allowed, if tractor is certified. When a tractor is weighed protestee and protester will be weighed.
 5. Each competitor will be allowed two attempts to make a measurable pull.
 - A. An attempt is defined as moving the sled a measurable distance (one inch or more)
 - B. On his/her first attempt, if competitor lets off on the throttle before going 100 feet, said competitor will get a second attempt, even if he went beyond the 100 foot mark.
 - C. If no attempt is made to back off the throttle, no second attempt will be grant.
- Note: Intent is for driver not to slam on brakes to stop before 100-foot mark (or any time) but to come to a smooth, safe stop.
- D. Cleaning of the track is up to the driver after a false start.
6. A tractor that does not go 100 feet and stays inbounds will be given a second chance except on pull-offs, where a tractor has only one attempt no matter what distance pulled. If a driver has trouble with his tractor on the first attempt, he may drop to last and has only one attempt. If the sled operator resets the sled, the first puller may drop to last.
 7. The first tractor in each class has the option to come back in 3rd major position. The driver must tell the track judge before he moves away from the sled if he so wishes.
 8. No excessive jerking when starting or during pull.
 9. If tractor hitch breaks, the measurement will be taken at that point.
 10. Tractor pulling the farthest before stopping will be declared the winner of that class. Distance will be measured from front center of sled if manual measuring is required.
 11. Pull is ended when forward motion stops or if tractor goes out of bounds. Excessive digging will not be tolerated.
 12. Contest will be governed by a judge or judges with all decisions being final. Safety will be foremost consideration. Dangerous or unfair practices will be reason for disqualification. Any of the following "A" thru "L" while under the green flag will be automatic disqualification.
 - A. Driver does not remain seated.
 - B. Loss of weight while still hooked to the sled.
 - C. Loss of any safety equipment.
 - D. Loss of any shielding.
 - E. Any time the tractor goes out of bounds.
 - F. If driver shows any unsportsmanlike conduct.
 - G. Driver must wear shirt, shoes and full length pants before competing in the pull. Helmet and jacket are required.
 - H. Severity of punishment is to be at the discretion of the ECITPA board of directors, although a major rules infraction such as illegal entry or flagrant violation of safety rule may cause contestant to be barred from competition for 1 year and 1 day from that date, and/or withdrawal of accumulated points.
 - I. The ECITPA board of directors resume the right to change, correct, delete, or add any rules that might become necessary during any pulling season.
 - J. On excessive alcohol consumption:
First offense: Contestant does not compete that day and no points award.
Second offense: Contestant does not compete that day and loss of points for 1 year plus barred from competition for one year and ten days.
 - K. Excessive loss of fluids (coolant, motor oil, transmission oil, rear housing oil, water, etc.) while under the green flag.
 - L. Driver leaves the tractor seat while in the staging area or any time the engine is running or is going to be started.
